

AWNINGS

Nice

# NICE, EASY AND IN CONTROL.

## AWNING AUTOMATION

We're one of the leading international names in Home Automation and offer a wide range of products designed with ease and convenience in mind for both our end-users and installers. Our integrated automation solutions are guaranteed to fit into any lifestyle and our constant commitment to beautiful and simple design, handiness, functionality and quality, position us ahead of our competitors and at the lead of the market. But you don't have to take our word for it - our products are all the proof we need. And that's the nicest thing about Nice.

# THE NICE AWNING MOTOR LINE

## ERA M

This simple and practical motor is ideal for awnings and rolling shutters. This motor provides easy up and down adjustment due to its mechanical stop.

## ERA MH

This motor features unbeatable control. Its adjustable limit positions and special fixing make it incredibly easy to install. The Era MH is compact in size and is ideal for rolling shutters and awnings with manual emergency overrides mechanisms and mechanical stops.

## ERA MAT MHT

This motor comes with an electronic limit switch and built-in receiver, ideal for every application. It features two programming modes and convenient control of limit switch positions by transmitter. Its programming levels make it more intuitive and lowers margin of error.

# CONTROL SYSTEMS

## STONE
